This document reports HITL (Human-in-the-Loop) maturity ratios for all of PCF 8.0 (Manage Information Technology (IT)) — 7 process groups, 44 Level 3 processes, and 251 Level 4 activities in total — at five maturity levels from M1 (Undesigned) through M5 (Leading), with M3 marking HITL Design Intent.

At M3 (HITL Design Intent), this domain's aggregate human-involvement ratio is **54%**, down from a **76%** undesigned (M1) baseline — a -22-point AI convergence opportunity. Mixed-pattern L3 rows reflect an equal-weighted rollup of their real L4 children rather than a force-classified single pattern.
