HITL Design Insight

HITL Design Insight — H2R

2 Decision gates (80% H at M3) anchor the irreducibly human layer — candidate selection and offer approval carry legal and strategic authority by design. **10 Knowledge steps** (65% H at M3) span strategy, performance, development, and advisory work where human judgment is the primary value driver. **17 Transaction steps** (35% H at M3) represent the AI absorption core — HRIS automation, payroll processing, access provisioning, and benefits administration. **2 Exception flows** (82% H) cover employee relations and separation — sensitive, high-judgment work. H2R aggregate at M3: **62% Human / 38% AI** — reflecting a fundamentally human-centric lifecycle process with high AI opportunity in transactional administration.
